

MEMORIAL GIFTS - Frequently a memorial donation to the VNS is directed by a grateful family as the time of the death of a beloved family member. This memorial donation is sometimes a general donation to the VNS and sometimes directed to our Hospice program. When contributing to VNS in a memorial to someone's memory, the family of the deceased is always informed of the contribution.

GIFTS HONORING A PERSON OR STAFF – For those wishing to honor an important person for a special occasion, or to thank a VNS staff member for exceptional service, an honor gift is most welcome and can be directed to any VNS program. The person being honored or thanked is always informed that a gift has been made in their honor.
